

Annual Code of Conduct Acknowledgment Language

What does your code of conduct acknowledgment process look like? If your annual attestation language is long, confusing or overly complicated, you run the risk of alienating your employees—and missing an opportunity to position your program.

Below is sample language we recommend for code of conduct attestations. It's short, sweet and to the point, while reinforcing key program messages. From there, depending on your organization's ethics and compliance risk profile, we've also provided add-on text to choose from that emphasize different aspects of a strong E&C program.

Feel free to use this language in your organization or customize it to fit your needs.
