

# YOUR THIRD PARTY'S RISK IS ALSO YOUR RISK

## THE NAVEX SOLUTION

A successful third-party risk management program provides a unified view of risk, allowing your organization to make faster, more effective decisions to ensure business success. This program enables you to:

- » Protect your business from regulatory & reputational risks
- » Understand & manage your business risks
- » Ensure your third party's alignment with your core values

With NAVEX, you can evaluate your third parties, properly onboard the vendor, and continue to monitor all aspects of risk throughout the entire relationship.
